Regions 2, 3, 4, 5, 6 and 7,

Attached is the draft briefing for the September proposed sites. Please review the short writeup(s) on your sites and let me know if you have any comments or changes by March 25. I am going to try to get the briefing scheduled with Jim Woolford in the next several weeks. You and your DDs (and your management in-between) will be invited to call in and discuss your sites.

Since we have such a large number of sites, and we already briefed OSRTI and OLEM management on Blades and Nonresponsive based on revised scope I plan to skip over those at the briefing. We will also just do a brief update on Nonresponsive based on revised scope So Lorie and Pat, you are off the hook for the briefing but please verify that the write-ups are still correct.

Thanks.

Terry
